

TRANSFORM YOUR IT INTO A BUSINESS ASSET

Bring IT to your boardroom with our award-winning combination of strategy, planning and comprehensive support. Turning IT from a headache into a competitive advantage, we deliver tangible improvements to your efficiency and productivity.

Our proven method has made a positive difference to diverse companies across multiple sectors. It involves a straightforward approach with six distinct steps.

1 Learning about your business, its key drivers and how the right IT can add value.

DISCOVERY

A comprehensive, formal review of your IT systems and applications.

2

Conosco have been an outstanding partner right from the beginning and I genuinely can't recommend them highly enough and there aren't many other businesses I would say that about!

Rupert Crowfoot, Six Physio CEO

With Conosco's experience and expertise in a wide range of technologies they were able to help Moonpig grow from start-up to national market leader.

Anders Reeves,
Moonpig Group Senior Director IT & Technical Operations

In the course of our work with Conosco they have become a key strategic partner and we cannot imagine being without their guidance and support.

Dan Orteu,
Anya Hindmarch Operations and IT Director

We feel confident in Conosco's IT expertise and their dedication to helping us achieve our business objectives through strategic IT management.

Richard Grant,
Cadogan Estates Financial Director

Why choose Conosco?

We combine cutting-edge IT solutions with expert consultancy to set an IT strategy based on your business goals.
