

We are in this together.

Helping your teams and customers stay connected during the Coronavirus outbreak.

Get RingCentral FREE

All healthcare providers, schools (primary and secondary), and non-profit organizations who are new customers and impacted by COVID-19 get free access to RingCentral Office.

Peace of mind when you need it the most

Our technology enables mobile and distributed teams and entire organizations to collaborate, communicate effectively, and stay productive while minimizing risks to health and safety.

During this difficult time, it's crucial for your organization to connect and get your important work done easily and securely, from anywhere. With RingCentral Office you get everything you need in one desktop or mobile app, including:

- **Video Meetings:** HD quality audio and video conferencing, screen sharing and more
- **Messaging:** Team messaging that's perfect for collaboration with file sharing and more
- **Phone:** Robust and reliable business phone system, including business SMS and call management
